DETAILED ACTION

Applicant's response, filed 2/14/05, with respect to the rejection(s) of claim(s) 2-13 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of Johnson Amplification. See below.

Claims 12-44 are pending in the application.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 12-15, 18, 30-33 are rejected under 35 U.S.C. 102(b) as being fully met by Johnson Amplification.

See pp. 59-60.

Claims 16, 17, 19, 20, 34, 35 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 21-29, 36-44 are allowed.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. GUITAR WORLD is further cited to show related teachings in the art.
